

**INFORMATION FOR THE CORRECT  
CREATION OF A PRINT FILE WITH MARKS  
AND TRIM FOR MAGAZINES**

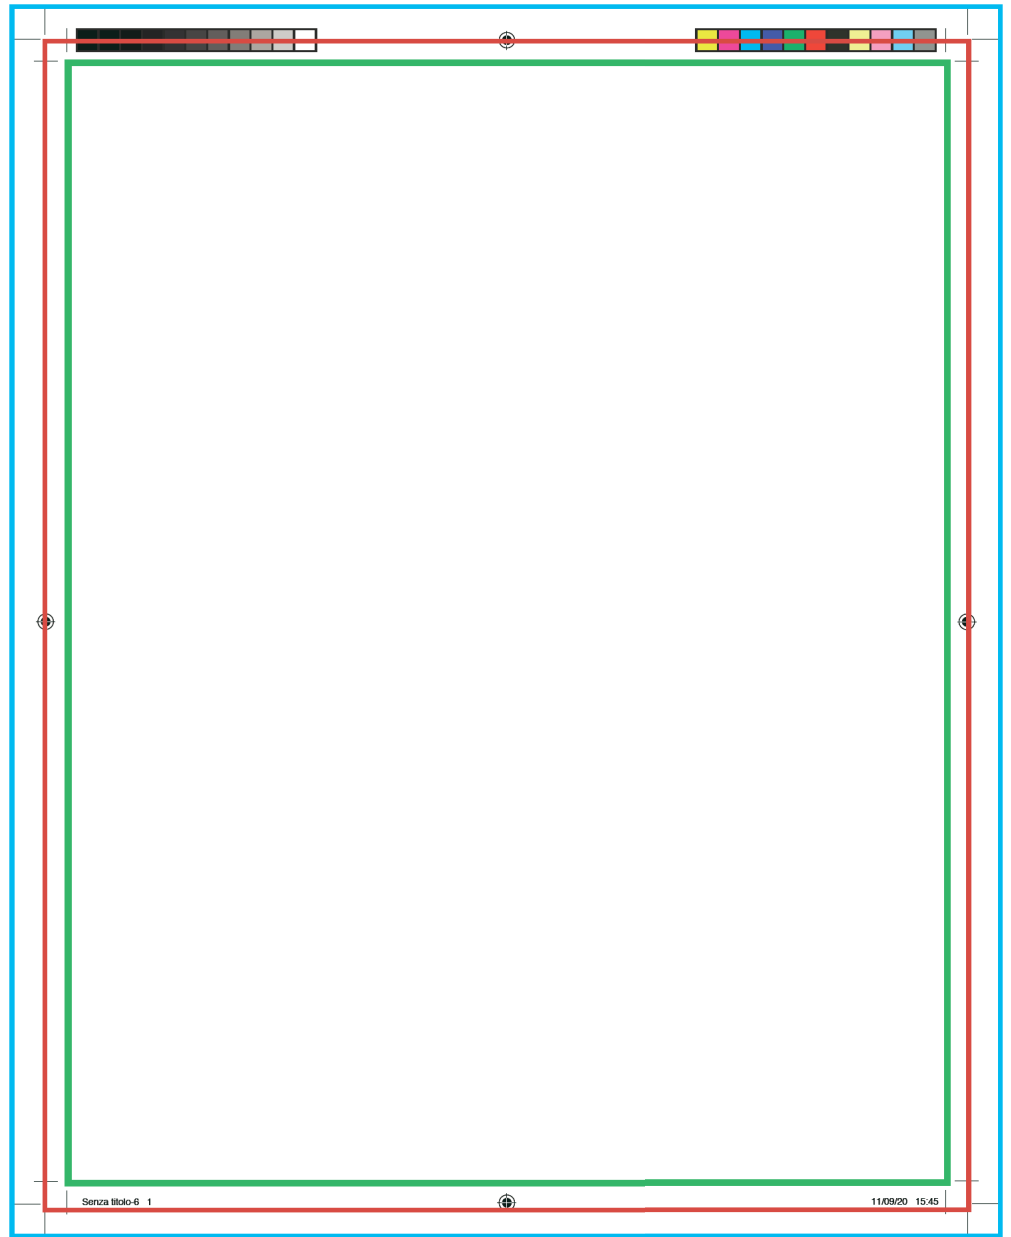

**Stile Italia Edizioni  
Periodici**

**MEDIA BOX:** defines the total size of the medium on which it will be printed and contains all the other boxes;

**BLEED BOX:** defines the limits in which the page content is cut in production, but still includes the so-called "trim";

**TRIM BOX:** defines the final size of the page after the final cut; it is typically defined by crop marks; it is used by editing software (imposition).

— Page trimmed 205x280mm

**TRIM BOX**

— Page + 5mm per side (215x290mm)

**BLEED BOX**

— Total file page + 10mm per side (225x300mm)

**MEDIA BOX**
